Professional Experience

Freelance Web Developer and SEO Specialist

Jan 2022 to Present

Upwork Top Rated, Remote

- Delivered 15+ production websites, responsive landing pages, and backend integrations for international clients operating in Eastern Time, maintaining a 100 percent Job Success Score.
- Engineered 2 modern, high-converting WordPress sites for healthcare businesses (Bluebell ABA and Little Achievers ABA), decreasing average page load times by 1.2 seconds.
- Improved client organic search visibility by up to 40 percent and boosted monthly traffic by 500+ visitors through technical on-page SEO and schema markup.
- Resolved 30+ indexing and sitemap errors using Google Search Console and Google Analytics to ensure Core Web Vitals compliance.

Full Stack Web Developer Intern

Sep 2025 - 1 Month

Elevvo Pathways, Remote

- Developed component-driven React interfaces and integrated them with backend API endpoints across 3 internal web applications.
- Engineered responsive layouts and streamlined data flows to ensure optimal performance, security, and a seamless user experience.

Data Science Intern

Sep 2025 - 1 Month

Digital Empowerment Network, Remote

- Conducted rigorous Exploratory Data Analysis on datasets containing 10,000+ records utilizing Python, Pandas, and NumPy.
- Engineered 15+ new features and structured backend datasets, optimizing data pipelines for faster visualization and processing.

Key Projects

RAG Lead Generation Chatbot & Admin Dashboard

Jan 2026 to Present

React, FastAPI, PostgreSQL, Python | github.com/Shahzaib30/advanced-rag-assistant

- Engineered a Retrieval-Augmented Generation (RAG) chatbot deployed as a web widget, handling 100+ weekly queries with sub-second response times from a custom knowledge base.
- Developed a React admin dashboard and FastAPI backend to automatically extract, validate, and securely store 50+ user leads (emails and phone numbers) monthly into a PostgreSQL database.

Personal Portfolio Website

2026

React, JavaScript, CSS | shahzaib30.github.io

- Designed and developed a responsive personal portfolio website to showcase 5+ full-stack projects, technical capabilities, and freelance client work, achieving a 95+ performance score.
